Key Practices for  
**Community Engagement**  
in Research on  
*Mental Health or Substance Use*

**Friday March 24th**

2:30pm-4:30pm

**South Riverdale**

**Community Health Centre**

955 Queen St. E., Toronto, Room A/B

---

This document was developed by a partnership of community-based and academic researchers, service providers, and community advocates, to try to increase meaningful engagement of people with experiences of drug use and mental health systems in research about their lives.

We invite you to come learn about the project, pick up a copy of the document, and talk together about how we can use it for positive change.
